Learning together

TRINITY  
PreSchool 

Trinity PreSchool is a Christ centered, non-profit preschool for three to five year olds. We also have an excellent PreKindergarten program for four and five years olds who are not quite ready for Kindergarten or could benefit from a growing year before Kindergarten. We are located in Trinity Lutheran Church in Lansdale.

Every child learns and grows at their own pace through many different experiences. In our relaxed atmosphere, your child will learn how to verbally express themselves and learn through play, art, music, story time, show and tell and conversations.

---

Your child will discover  
their unique worth as  
they relate to others.

---

Our nurturing environment helps children discover friendships, new relationships with teachers and a general appreciation of all God's gifts and creatures.

Our staff always goes the extra mile for our preschool children and provides hands on interaction between teachers, children, and parents. Trinity PreSchool is open to all members of the North Penn community. We partner with the North Penn School District to continue to enhance all our programming and welcome all families.

As a Christian based preschool, children participate in worship experiences meaningful to this age, and a daily prayer before snack.

Along with parents, Trinity PreSchool will reinforce how to love, respect, and understand others. Join us for a very special adventure in learning!

"seeing the growth in my  
own child from September to  
May was amazing."
